The Examiner has further indicated that no petition to correct the filing date is of record in the application.

Applicant petitioned for a corrected filing date on December 3, 2003 as per the attached copy.

Accordingly, it is respectfully requested that allowance of the subject application be held in abeyance pending a determination of applicant's Petition for a Corrected Filing Date.

The corrected filing date is of particular importance because without a corrected filing date, applicant will be unable to retain its claim to priority.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Michael J. Striker', is written over the printed name.
